AIR FORCE  
**AIR  
POWER**  
Official Conference

Conference  
17-18 June 2010  
London, UK

“ Air Commodore Mark Roberts, Air Commodore Air Staff said:  
RAF Air Power Conference 09 provided an outstanding forum where we were  
able to share our understanding of the role of air power with leaders and  
opinion formers from across government, the military and industry. We aim  
to build on this success by using the RAF's flagship conference for 2010 to engage  
a similarly wide-ranging audience, at a very challenging time for defence, to  
debate and explore how air power can be used most effectively to secure our  
national interests...”
